3320

Dear Sir/Madam,

Greetings from Stock Holding Corporation !

Stock Holding in its commitment to quality and progression in e-stamping has added one more printer to e-stamping system

3320

Samsung Laser Printer with Model No. M 3220 ND can also be used as an e-stamping compatible/certified printers along with the other certified models .

ACC can make use of this printer for Printing e-stamping certificates

ACC's have to ensure printer firmware version as V4.01.40 and Post Script (PS) printer driver version as 3.00-03-00:02 (dated 12-09-2015) is installed for precise printing. Only Original (OEM - Original Equipment Manufactured) toners need to be used for High quality e-stamp print outs.

ACC's are adviced to buy Good working condition printers and refurbished printers are not recommended. While printing e-stamping certificate toner level shall not be in low toner condition. Printer has to be connected to the System (PC/Desktop) via USB port and not over the network.

Kindly revert for any clarifications. Assuring you of our best support always..

regards

Raghu C N

Hi,

With regard to storage of application forms submitted by citizens for issue of e-Stamp certificates, it is suggested to store these documents for a period of 3 years from the date of the document.

It is also suggested to store permanently the documents that are involved in any investigation by Police/CBI/Court/Statutory authorities.

With this regard proper communication is sent to all the ACC's on 05th-Oct-2016.

This is for your information.

With Best Regards,

Anupama Sinha
